Nonchemical Insect & Fly Control

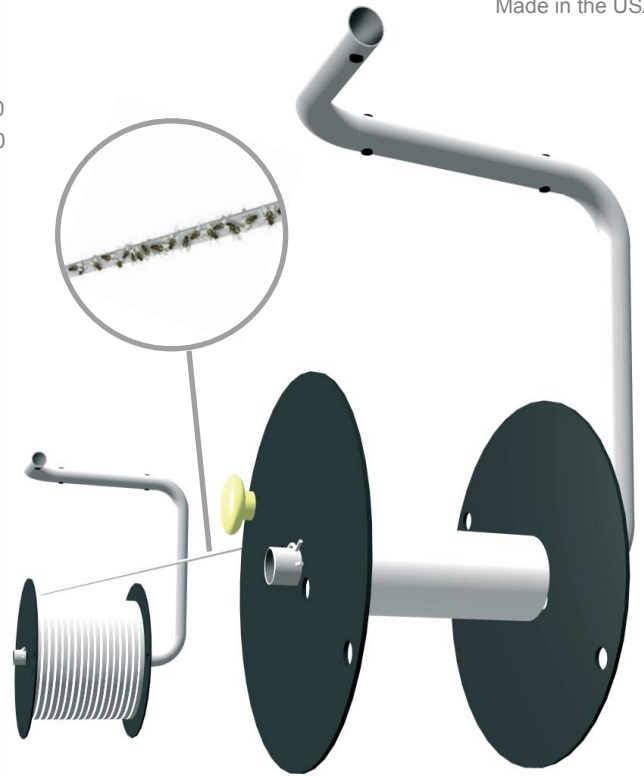

Made in the USA

## Sticky Fly Ribbon

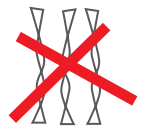

Hardware Kit: product# SFRH 1000

\*Refill Reel: product# SFR 1000

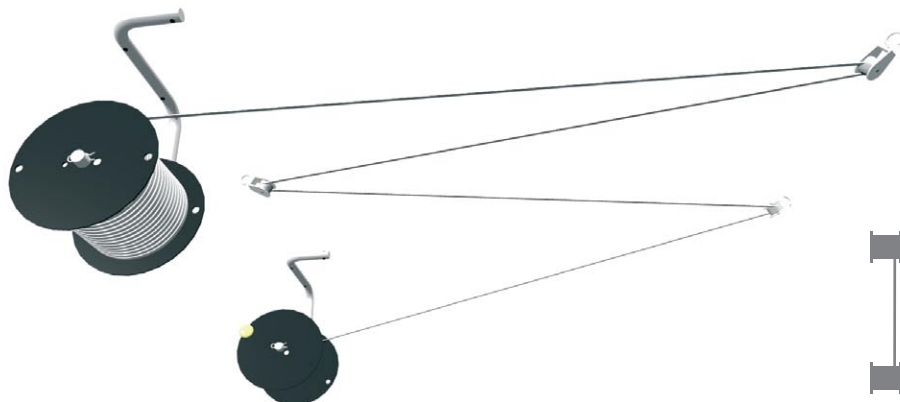

- ◆ Completely non toxic, odorless and easy to use.
- ◆ Effective in high infestation areas.
- ◆ Low profile minimizes interference with interiors.
- ◆ 24 hour control.
- ◆ Outlasts up to 300 fly ribbons.
- ◆ 1000 Ft per roll holds up to 40,000 flies.
- ◆ The least expensive system available.

The single most economical, effective and safe method for fly control. Field testing has determined flies are attracted to linear patterns. And our ribbon, when used with the supplied hardware, creates an irresistible landing area for flies. Sticky Fly Ribbon outperforms conventional fly paper without the mess and provides a convenient "hands off" approach to disposal. And when compared to similar systems, our kit is made domestically providing significant savings.

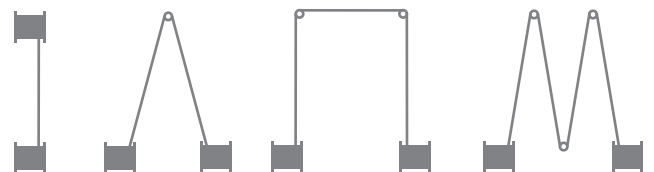

The end of messy fly paper.

Simple to install  
Hardware Kit includes:  
2 mounting brackets, 3 pulleys,  
mounting screws, hitch pins,  
winding knob, take-up reel and brake bolts.

Kit allows configuration for any space.

\*Fits all makes of reel type systems.
